

Chromebooks

Supporting digital learning from Grade 8 | 2027 guide

A consistent way to learn

Prestige College uses school-managed Chromebooks from Grade 8 to support learning in the classroom and at home. Learners access digital textbooks, notes, educational resources and assignments while developing responsible digital habits.

GRADE 8+

WI-FI

SCHOOL ACCOUNT

Why a school-approved Chromebook?

Each device uses the learner's school email and the **Chrome Education Upgrade (CEU)**. IT manages settings and applications and restricts inappropriate content.

Devices connect through Wi-Fi; no SIM card is required. Cell phones, tablets and other personal devices may not replace the approved classroom Chromebook. Purchase through the school's approved channels to include the school-specific CEU licence and setup.

2027 purchase options

At school

Non-touchscreen

R8,100

Includes a service fee. Price applies to the first 100 devices. Limited stock.

Online

Acer 311 (C725)

R7,997.11

Includes VAT and CEU. Protective pouch sold separately.

Online only

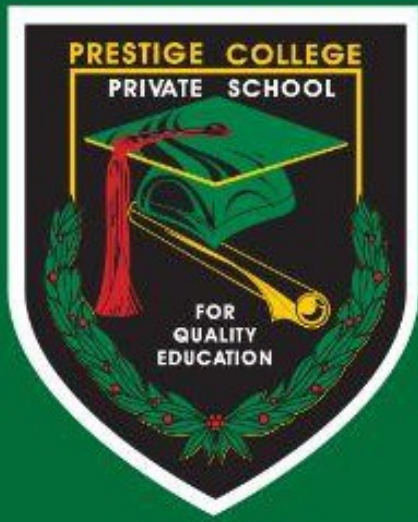

Touchscreen Chromebook

R8,807.83

Includes VAT and CEU. Pouch sold separately. No stylus support.

Prices are from the September 2026 circular for 2027. Confirm stock and the final amount before payment. Additional bulk-order prices depend on the Rand/Dollar exchange rate.

Ordering & handover

Choose an approved device and follow the confirmed handover arrangements.

Buy through approved channels

Buy at school

Pay by EFT into the school account or by debit/credit card at Reception.

PAYMENT REFERENCE

Surname, student number, Chromebook

Example: Sithole, 24001, Chromebook

Buy online

Create a profile in the school's online ChromeStore and select an approved device.

prestige.chromestore.co.za

For help with ordering, arrange an appointment with the IT Department.

Delivery to the school

Delivery timing may vary.

Chromebooks will be delivered to Prestige College.

Delivery timing depends on stock availability and order processing. The IT Department will confirm when devices are ready and advise on collection or learner handover.

Accessories sold separately

Protective pouch

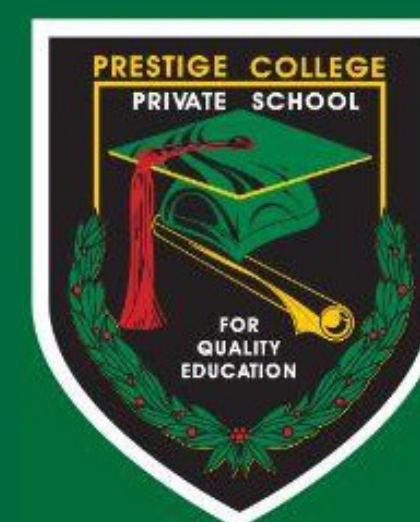

65W Type-C charger

Protect your device and keep it charged.

Pouches and replacement chargers are available online. Check the correct size and compatibility before ordering.

IT configures and assigns each device before issue. Learners receive basic training on logging in, using the Chromebook and accessing the internet. Follow the school's confirmed handover arrangements.

Care, warranty & support

Keep the Chromebook ready for learning and report problems promptly.

Daily care and responsible use

- 1 Bring it fully charged and in a protective case.
- 2 Keep food and liquids away; handle the screen, keyboard and ports carefully.
- 3 Keep login details private and follow teachers' instructions.
- 4 Use the device for approved educational purposes.
- 5 Report damage, faults, loss or theft to IT promptly.

Handle with care

Do not open the device or arrange unauthorised repairs. Report lost or stolen Chromebooks immediately so IT can lock the school-managed device.

Three-year warranty

The standard warranty covers qualifying manufacturing defects, subject to assessment. Under the school's policy, physical or accidental damage, misuse, neglect, tampering, unauthorised repairs and removal or alteration of the serial number or warranty seal void cover.

3-YEAR warranty

Manufacturing defects

Conditions apply

Repairs and assessments

Contact IT first. A parent or guardian must complete the repair-authorisation form before the device is sent for assessment. A quotation is provided for repairs outside warranty.

Parents or guardians cover repairs outside warranty. If a quotation is declined or no fault is found, return-delivery charges apply. For no-fault cases, collection from the authorised service centre in Midrand is an option. After three years, assessment, repair and delivery costs are the parent's or guardian's responsibility.

Acer direct option for physical damage: 087 151 3400. Parents manage all arrangements, costs and follow-up; the school is not involved.
